2. ABOUT US

A Legacy of Compassion. A Vision for Excellence.

RVS Hospitals & Research Foundation is a healthcare institution located in Chittoor, Andhra Pradesh, dedicated to improving lives through quality medical services, ethical practices, and compassionate patient care.

Built upon the principles of service, integrity, and social responsibility, our institution strives to make essential healthcare accessible to individuals and families from all sections of society.

Our 650-bedded hospital brings together qualified healthcare professionals, clinical specialties, diagnostic services, emergency care, and patient-support facilities under one roof.

Beyond hospital-based treatment, we recognise the importance of preventive healthcare, medical awareness, and community engagement. Through rural and urban healthcare initiatives, medical camps, and patient education programmes, we aim to extend the benefits of healthcare to underserved communities.

At RVS Hospitals, every patient is treated with dignity, every concern deserves attention, and every life matters.

Our Institutional Legacy

A Dream That Began with a Father.

A Vision Carried Forward by a Son.

A Legacy for Generations to Come.

Our institutional journey is guided by the Founder's values and a continuing commitment to service. While honouring our origins, we strive to embrace innovation, strengthen healthcare facilities, and respond to the changing medical needs of society.

3. OUR VISION

Transforming Lives Through Compassion and Excellence

To emerge as a centre of excellence in healthcare, transforming lives through compassionate care, clinical excellence and continuous innovation; setting new benchmarks in accessible, affordable and ethical healthcare, while building a lasting legacy of trust and service to society.

4. OUR MISSION

Quality Healthcare with a Human Touch

To carry forward the vision, values and legacy of our Founder by providing quality, ethical and patient-centred healthcare that is accessible and affordable to all, through dedicated professionals, appropriate advanced technology, continuous learning, innovation and an unwavering commitment to serving society.

Our Core Commitments

- Provide compassionate, respectful and ethical healthcare.
- Improve access to affordable medical services.
- Strengthen clinical excellence, education and research.
- Enhance hospital infrastructure and healthcare technology.
- Encourage teamwork, accountability and continuous improvement.
- Preserve the Founder's legacy through responsible service to society.

5. OUR GOALS

Building a Healthier Community, One Life at a Time

Accessible and Affordable Healthcare

Make quality medical care available at affordable costs while reducing barriers to essential healthcare.

Compassionate Patient Care

Provide healthcare guided by empathy, respect, dignity, ethical conduct and patient safety.

Care for Underserved Communities

Extend medical services to rural populations and economically disadvantaged communities.

Clinical Excellence and Patient Safety

Promote continuous improvement in clinical practices, treatment quality and patient experience.

Community Health and Prevention

Support medical camps, preventive screening, patient education and community healthcare programmes.

Education, Research and Innovation

Encourage professional learning, medical research and the responsible adoption of healthcare technologies.

Sustainable Institutional Development

Strengthen infrastructure, facilities and professional capabilities to address changing healthcare requirements.

Continuing a Legacy of Service

Uphold the Founder's values while building a trusted healthcare institution for future generations.

6. OUR MEDICAL SPECIALTIES

Comprehensive Care. Dedicated Professionals. One Commitment.

RVS Hospitals brings together medical professionals from a range of clinical specialties to support patients with different healthcare needs.

General Medicine

Comprehensive Medical Care for Better Everyday Health

Our General Medicine team provides medical consultation, assessment and management of a wide range of acute and chronic health conditions, with an emphasis on timely diagnosis, preventive care and patient well-being.

General Surgery

Committed to Safe and Effective Surgical Care

Our General Surgery team supports the evaluation and surgical management of appropriate medical conditions, with attention to clinical assessment, patient preparation and postoperative recovery.

Orthopaedics

Supporting Mobility. Restoring Comfort. Improving Lives.

Our Orthopaedics team provides consultation and treatment planning for bone, joint and musculoskeletal conditions, helping patients work towards improved mobility and functional recovery.

Nephrology and Dialysis

Dedicated Care for Kidney Health

Our renal care services support patients with kidney-related disorders through nephrology consultation, haemodialysis facilities, clinical monitoring and patient counselling.

Anaesthesiology

Focused on Patient Safety and Comfort

Our Anaesthesiology professionals contribute to perioperative care, anaesthesia management, clinical monitoring and patient safety during surgical procedures.

Paediatrics

Caring for Little Lives with Compassion

Our Paediatrics team provides medical assessment and healthcare services for infants, children and adolescents, focusing on their health, development and overall well-being.

Ophthalmology

Caring for Vision. Enhancing Quality of Life.

Our Ophthalmology services support the clinical evaluation and management of eye-related conditions, with an emphasis on appropriate assessment and timely medical guidance.

Dental Care

Healthy Smiles Begin with Quality Care

Our dental services focus on oral health assessment, dental consultation, preventive guidance and appropriate treatment planning.

Emergency and Casualty

Responsive Care When Every Moment Matters

Our Emergency and Casualty services provide 24×7 medical assistance, supported by casualty facilities, a minor operation theatre, emergency medical professionals and ambulance services.

Critical Care Support

Focused Medical Attention for Patients Requiring Close Monitoring

Critical care-trained medical professionals contribute to the assessment, monitoring and management of patients requiring enhanced clinical attention.

7. INFRASTRUCTURE AND FACILITIES

Modern Facilities. Patient-Centred Healthcare.

At RVS Hospitals, we understand that effective healthcare depends on medical expertise supported by appropriate infrastructure, diagnostic resources and patient-care facilities.

Our hospital infrastructure is designed to support outpatient consultations, inpatient treatment, emergency medical care, diagnostic investigations and surgical services.

Patient Care Facilities

- 650-Bedded Hospital
- 24×7 Outpatient Consultation
- 24×7 Inpatient Services
- Advanced Operation Theatres
- Emergency and Casualty Department with Minor OT
- Teleconsultation Services
- Spacious Inpatient Wards
- Outpatient Consultation Rooms
- Patient Waiting Areas
- Nursing Stations and Patient-Care Support
- Hospital Registration and Administration Services

Diagnostic and Investigation Facilities

Accurate Assessment. Informed Medical Decisions.

Our diagnostic facilities support healthcare professionals in evaluating patient conditions and planning appropriate treatment.

- CT Scan
- X-Ray
- Ultrasonography (USG)
- Endoscopy
- Echocardiography (ECHO)
- Electrocardiography (ECG)
- Diagnostic Laboratory Services
- 25+ Free Blood Tests

Care and Support Around the Clock

- 24×7 Emergency Medical Care
- 24×7 Ambulance Services
- 24×7 Blood Bank Services
- Emergency and Casualty Facilities
- Patient Transportation Support
- Nursing and Medical Support Services

8. DIALYSIS DEPARTMENT

Caring for Kidneys. Supporting Better Living.

The Dialysis Department at RVS Hospitals provides specialised renal care and haemodialysis services for patients with kidney-related disorders and renal failure.

Our dialysis facilities are supported by trained technicians, nursing professionals and medical supervision, with attention to treatment monitoring, patient safety and individual healthcare needs.

Our Dialysis Services Include

- Haemodialysis Treatment
- Dialysis for Chronic Kidney Disease (CKD)
- Dialysis for Acute Kidney Injury (AKI), When Clinically Indicated
- Regular and Scheduled Dialysis Sessions
- Modern Dialysis Equipment
- Monitoring During Dialysis
- Blood Pressure and Vital Parameter Monitoring
- Trained Dialysis Technicians and Nursing Support
- Nephrology Consultation and Medical Supervision
- Infection Prevention and Control
- Dialysis-Related Emergency Management
- Patient Counselling and Renal Diet Guidance

Our Focus: Safe Dialysis Care, Continuous Monitoring and Compassionate Patient Support.

9. OUR DOCTORS

Experienced Medical Professionals. Compassionate Healthcare.

At RVS Hospitals & Research Foundation, our medical team brings together qualified professionals from multiple disciplines.

From medical and surgical specialties to emergency and primary patient care, our doctors contribute to the institution's commitment to ethical, patient-centred healthcare.

10. GOVERNMENT HEALTHCARE SCHEMES AND INSURANCE

Making Healthcare More Accessible

At RVS Hospitals, we believe that financial circumstances should not prevent individuals and families from seeking essential medical care.

Our hospital provides information and support regarding applicable government healthcare schemes and insurance benefits.

Healthcare Scheme Information

- Dr. NTR Vaidya Seva Trust
- Employees Health Scheme (EHS)
- Health Insurance Support and Enquiries

Eligible patients can contact the hospital administration for information regarding applicable treatment coverage, scheme eligibility, insurance approval and cashless healthcare benefits.

All scheme and insurance benefits are subject to eligibility, policy terms, approvals and applicable coverage.

11. COMMUNITY HEALTHCARE AND OUTREACH

Beyond Hospital Walls. Closer to Communities.

Healthcare should reach people wherever care and support are needed.

At RVS Hospitals & Research Foundation, we recognise the importance of improving access to healthcare services beyond the hospital campus.

Through community-oriented initiatives, preventive healthcare activities and public health awareness, we aim to contribute to healthier communities.

Our Community Healthcare Services

- Free Medical Camps
- Urban Health Centre Services
- Rural Health Centre Services
- Community Healthcare Programmes
- Preventive Health Screening
- Health Awareness and Patient Education
- Physiotherapy and Rehabilitation
- Patient Counselling

Our Commitment: Reaching Communities. Promoting Prevention. Supporting Healthier Lives.

12. PREVENTIVE HEALTHCARE AND WELLNESS

Prevention Today. Better Health Tomorrow.

At RVS Hospitals, we encourage individuals and families to take an active role in maintaining their health.

Early medical consultation, appropriate screening, regular health assessments and informed lifestyle decisions can contribute to improved long-term well-being.

Preventive Healthcare Services

- Master Health Check-up
- Preventive Health Screening
- Diagnostic Investigations

- Patient Counselling
- Health Education
- Physiotherapy and Rehabilitation

Our approach promotes awareness, early identification of health concerns and medical guidance based on individual needs.
